FOR IMMEDIATE RELEASE

DATE: 7/12/2024

SUBJECT: Increase in COVID-19 cases

The public health department would like to notify the Del Norte community to be on the alert for the current variants of COVID-19 which are on the rise in several regions in California. Recently these variants have been presenting with diarrhea, upset stomach, and muscle aches in addition to the typical COVID-19 symptoms.

If you are experiencing any symptoms, please get tested. Home tests are available and are a convenient and efficient way to check your status. It's important to remember that vaccines are still available, and remain a safe and effective way to prevent bad outcomes from COVID-19. As always, please stay home and do not go to work if you feel sick.
